
THE MTHFR MUTATION
7-DAY MEAL PLAN
DIETvsDISEASE

EXPLAINER

This is a sample meal plan that provides you with a healthy eating pattern.

IIt's designed to be very basic and simple to follow. It's also high in foods naturally rich in L-methylfolate (a different structure than folic acid).

I've also included lactose-free and gluten-free recommendations as these are generally better tolerated.

Aim to drink water, black coffee and black or herbal tea as your main drinks.

For a more detailed explanation about the diet recommendations please see the MTHFR 101 Roadmap.

DAY 1

BREAKFAST - OATS AND BERRIES

- ½ cup (55 g) of rolled oats
- Up to 10 strawberries or 20 blueberries
- 1 cup lactose-free milk or almond milk*
